

Hello GA 2<sup>nd</sup> Delegates,

My name is Brandon Bezner, and I will be serving as the Chair for General Assembly 2<sup>nd</sup> Committee. This will be my third year participating in Mid-West Model United Nations, and my first year serving on the staff side of the table. I have served as a Chair at National Model UN, and as the President of the General Assembly at Metro Kansas City MUN. I am a full time student, and I operate a real estate investment company in the Kansas City metro area. I am excited about this year's Model UN experience. Let me take a moment to introduce some others that will be assisting on the dais. The Legal for our committee will be Aaron Porter; he has participated at Midwest MUN three years. He specializes in international law and legal system support for transitioning governments. Alicia Nall will be serving as Rap. She has several years of participation, both as a delegate and staff member, and brings legal experience as well. And to conclude introductions, Larissa White will be serving as the committee secretary. Model UN should be one of the most enjoyable experiences in your educational career. It should also be educational. As you prepare for the conference, please put special attention into understanding the rules or procedure, and the objectives of the second committee within the United Nations framework. I am confident that we will have an outstanding year, and I look forward to meeting all of you in February.

Sincerely,

*Brandon Bezner*

Chair, GA 2<sup>nd</sup>
